

Category	Project	Inversitgator/Organization	Affiliation	Amount
Pre-Clinical Drug Development	Myomics Drug Screening	Dr. Brian Tseng	Massachusettes General Hospital	\$6,000
Clinic Support		Jett Clinic for Neuromuscular Disorders	Massachusettes General Hospital	\$14,000
Pre-Clinical Drug Development	Preclinical Gene Therapy Research	Dr. Jeff Chamberlain	University of Washington	\$5,000
Pre-Clinical Drug Development	Laminin 111	Bradley Hodges, PhD	Prothelia	\$5,000
Clinic Support		Jett Clinic for Neuromuscular Disorders	Massachusettes General Hospital	\$8,900
Project Management Software	Duchenne Dashboard	Carlo Rago, Phd	Open Onward	\$5,000
Pre-clinical Drug Development	Nutraceutical (THI), Skeletal Muscle Function	Hannele Ruohola-Baker PhD	U of Washington	\$10,000
Pre-Clinical Drug Development	Zebra Fish Screening of FDA Approved Pharmeceuticals for use in DMD patients	Dr. James Dowling	University of Michigan	\$7,000
Pre-clinical Drug Development	Nutraceutical (THI), Skeletal Muscle Function	Hannele Ruohola-Baker PhD	U of Washington	\$25,000
Research Conference Support	Duchenne Muscular Dystrophy Research Conference (Portland, Oregon)	Chris James	RaceMD	\$10,000
Pre-Clinical Drug Development	Preparation of Halofuginone for Phase I/II Clinical Trial	Marc Blaustein CEO	Halo Therapeutics	\$5,300
Clinical Trial	Halofuginone Phase II Clinical Trial	Marc Blaustein CEO	Halo Therapeutics	\$20,000
Preclinical Drug Development	Carmeseal (P188), Cardiac and Skeletal Muscle Function	Bruce Markham PhD	Phrixus Pharma/Coalition Duchenne	\$5,000
Project Management Software	Duchenne Dashboard - Phases 5 and 6	Carlo Rago PhD	OpenOnward	\$5,000
Preclinical Drug Development	Development of Dystrophin Independent Therapy	Louis Kunkel PhD	Boston Children's Hospital/Jett Foundation	\$10,000
Preclinical Drug Development	Anti-fibrotic (Relaxin) Skeletal Muscle and Diaphram Histology,	Jeffrey Chamberlain PhD	University of Washington	\$30,000
Clinical Trial	ISOFEN PhaseII Clinical Trial	Emilio Clementi MD, PhD	University of Milano	\$10,000
Preclinical Drug Development	Nutraceutical (Quercetin) Respiratory and Cardiac Function	Joshua Selsby PhD	Iowa State University	\$15,000
Preclinical Drug Development	Nutraceutical (THI), Skeletal Muscle Function	Dawn Lowe PhD	University of Minnesota	\$5,000
Basic Science	New Biomarkers for Duchenne Muscular Dystrophy	Julie Saba MD/PhD	Children's Hospital Oakland/Race MD	\$10,520
				\$211,720
